## Working platforms for low heights

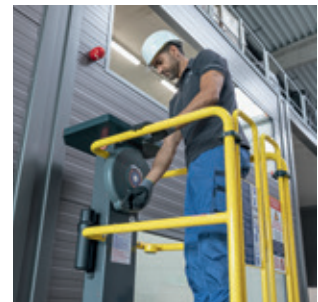

Up and down in no time with  
the compact vertical mast lifts.

Simple, fast and safe - that's the new FlexxLift powered mini-lifts with working heights of up to 4.2 m in an all-round secured working area.

The compact vertical mast lifts with intuitive one-hand operation can be easily moved up and down thanks to the stepless lifting mechanism with gas pressure spring - the automatic braking device when climbing and the double swing door ensure optimum safety.

The highlight: The FlexxLift converts 10 % human energy into 100 % of the power needed to reach the full working height - It couldn't be simpler.

Both models are available immediately at attractive introductory conditions.

## FlexxLift 1.5

- Manually operated vertical mast lift with intuitive one-handed operation
- All-round secured working area up
- Automatic braking device for ascending
- Stepless and non-electric lifting mechanism with gas pressure spring
- Easy to enter and exit via swing door
- Robust design for extra durability
- Low operating costs, practically maintenance-free
- Anti-theft device with padlock
- Recesses for transporting with forklift
- Practical storage tray for tools and material
- Maximum load: 150kg (1 person)
- This product is covered by the statutory warranty

Working height m	3,50
Platform height m	1,50
Dimensions L x W x H mm	1.170 x 680 x 1.600
Dimensions cage L x W mm	720 x 600
Weight kg	180,0
Order no.	127100

## FlexxLift 2.2

- Manually operated vertical mast lift with intuitive one-handed operation
- All-round secured working area
- Automatic braking device for ascending
- Stepless and non-electric lifting mechanism with gas pressure spring
- Easy to enter and exit via swing door
- Robust design for extra durability
- Low operating costs, practically maintenance-free
- Anti-theft device with padlock
- Recesses for transporting with forklift
- Practical storage tray for tools and material
- Maximum load: 150kg (1 person)
- This product is covered by the statutory warranty

Working height m	4,20
Platform height m	2,20
Dimensions L x W x H mm	1.400 x 740 x 1.960
Dimensions cage L x W mm	850 x 644
Weight kg	305,0
Order no.	127110
