

Order no.: 011300

ML folding scaffolding

Design type

Without telescopic outrigger

With telescopic outrigger

Specification

Working height 3 m	Scaffolding height 1.88 m	Platform height 1 m	Platform width 600 mm	Platform length 1.6 m
Load capacity 1.5 kN/m²	Max. load capacity 150 kg	Weight 28.6 kg	Transport dimensions 1710 x 805 x 238 mm, 18 kg	Business division MUNK Günzburger Steigtechnik
Order no. 011300	Price € 748.00			

Facts

- Folding ladder scaffolding made of stable rectangular tube side-rails
- Folding frame with self-locking hinges
- Rectangular rungs grooved on both sides, 30 x 30 mm
- 4-fold edged rung-to-side-rail connection
- Space-saving transport and storage
- For narrow passages in assembled condition thanks to a chassis bar width of 800 mm
- Four Ø 125 mm swivel castors with locking mechanisms

- Slip-resistant platform for secure standing
- Delivered in assemblies. Once assembled, the scaffolding can be quickly set up and dismantled without tools
- Optional telescopic outriggers for even greater stability
- Working heights up to 3.0 m
- Maximum load: 150 kg

Information on sustainability criteria

- Corporate certification: ISO 9001
- Corporate certification: EN 1090
- Corporate certification: EcoVadis
- RoHS
- REACH
- The MUNK Group complies with a Code of Conduct
- The Supply Chain Act does not apply due to our size
- The materials used are listed in the technical specification
- Resource-saving production: own photovoltaic systems
- Energy-efficient consumption during production: LED lighting
- Repairability, durability and quality: 15-year warranty on series products made in Germany
- Recyclability: Our products are mostly made of aluminium, steel or wood and can be fed directly into the recycling process.
- Socially acceptable working conditions in production: fair wages, gender equality
- Economical and recyclable packaging: no use of polystyrene, predominantly use of wood and cardboard, small amounts of plastic
- No health hazards for the users

Added value

Safety at heights

- Optional protective assembly railing as safety railing during installation and removal
- Installation without the need of tools, uncomplicated and easy to handle
- Railing with integrated knee board and aluminium toe boards

Highest quality

- User-friendly and robust design
- Low weight of the individual parts for easy handling
- Welded round tube frames for maximum stability
- All-round profiled rungs for safe ascent and descent

Sturdy connection

- Automatically closing scaffolding claw with sophisticated geometry for a secure connection
- Innovative spring clip for plug-on frame – no accidental loosening or losing possible
- Transverse and diagonal braces for high stability

Modular kit system

- More than 180 variants are possible by combining different individual parts
- Flexible adaptations and extensions possible at any time
- Individual parts at the original part price
- Installation and removal without tools

Safe standing

- Adjustable outriggers with swing base or chassis bar ensure safe working depending on model
- Easy to handle
- Additional ballast weights required depending on application

Everything at a glance

- Clip tray for clearly visible attachment of the necessary test documents to the scaffolding
- Weather and UV-resistant

Flexible basis

- Swivel castors with load centring in braked condition
- Height adjustment for level compensation
- Various sizes and designs

Upgrade your scaffolding with a Safety Railing (SR) to ensure reliable protection at work thanks to an integrated edge protection system! Retrofitting reduces fall risks and qualifies for funding through the BG BAU Occupational Safety subsidy: Up to 50% of the purchase costs (max. €100 per measure) can be reimbursed.

✓ Suitable for this product: Compatible SR safety railings provide effective edge protection and are easy to retrofit.

All BG BAU members can benefit from this funding. The aim is to prevent workplace accidents, especially on construction sites, and to improve ergonomics. Detailed information from BG BAU is available at:

www.bgbau.de/service/angebote/arbeitsschutzpraem

A quick guide to the funding programme and an overview of our eligible products can be found on our website under [Know-how](#).
