### Facts

- The clip-step R13 step padding is a certified, non-slip covering for our step ladders. With its plastic profile with aluminium oxide particles, the clip-step R13 step padding meets the specifications of classification group R13 and was classified as V6 for the displacement space in this classification group
- The clip-step R13 step padding provides extra workplace safety, particularly in wet or oil-contaminated work environment
- The clip-step R13 step padding is clipped onto the step to cover the whole surface and is custom-fit; it can be removed again without damage to the ladder and leaving no residue

- The clip-step step padding is applied up to the max. accessible step as per DIN EN 131 in the case of step ladders accessible from both sides, thus functioning as a visual check that the ladder is being used correctly
- Available as single accessory for 15.00 EUR excl. VAT per piece (recommended retail price) for your step ladders

### Scope of supply

- Clip-step R13 step paddings (different lengths): 6 x
- Assembly instructions: 1 x

### Information on sustainability criteria

---

- Corporate certification: ISO 9001
- Corporate certification: EN 1090
- Corporate certification: EcoVadis
- RoHS
- REACH
- The MUNK Group complies with a Code of Conduct
- The Supply Chain Act does not apply due to our size
- The materials used are listed in the technical specification
- Resource-saving production: own photovoltaic systems
- Energy-efficient consumption during production: LED lighting
- Repairability, durability and quality: 15-year warranty on series products made in Germany
- Recyclability: Our products are mostly made of aluminium, steel or wood and can be fed directly into the recycling process.
- Socially acceptable working conditions in production: fair wages, gender equality
- Economical and recyclable packaging: no use of polystyrene, predominantly use of wood and cardboard, small amounts of plastic
- No health hazards for the users
