Description

The ML compact climbing aid offers innovative solutions for those who want a safe and comfortable ascent. Whether you are saddling, grooming or riding, these climbing aids not only protect the your horse's back, but also ensure maximum safety and comfort.

Advantages for riders and horses

- **Gentle ascent:** With the ML compact climbing aids you avoid one-sided loads on your horse's back, as can occur with stirrups. This protects your horse's muscles and prevents long-term damage.
- **Secure footing:** The non-slip aluminium chequered plate surface (slip resistance class R10) ensures a firm hold, even in damp environments.

- **Ergonomic design:** The folding design allows easy handling, easy transport and space-saving storage.

Added value for your stable routine

With the ML compact climbing aid you not only increase your efficiency in everyday stable life, but also invest in the health of your horse. Thanks to the stable and ergonomic construction, mounting is child's play and safe – a win for every rider.
