- Top tread area: 360 x 230 mm
- Easy to transport, compact storage
- Non-slip plastic shoes
- Maximum load: 150 kg
- These products are covered by the statutory warranty

Description

The ML Compact Mounting Aid offers innovative solutions for everyone who values a safe and convenient way to mount their horse. Whether saddling, grooming, or riding – these aids protect your horse's back while ensuring maximum safety and comfort for you.

Benefits for Riders and Horses

- **Gentle Mounting:** The ML Compact Mounting Aid helps to avoid the uneven strain on your horse's back often caused by using stirrups. This protects your horse's muscles and helps prevent long-term injuries.
- **Secure Footing:** The slip-resistant aluminium tread surface (R10 anti-slip rating) provides a firm grip, even in wet or slippery conditions.

- **Ergonomic Design:** Its foldable construction allows for easy handling, effortless transport, and compact storage.

Add Value to Your Stable Routine

The ML Compact Mounting Aid not only enhances efficiency in your daily stable tasks but also contributes to your horse's health. With its stable and ergonomic design, mounting becomes effortless and secure – a true asset for every rider.

Scope of supply

- Step stool: 1 x

Information on sustainability criteria

- Corporate certification: ISO 9001
- Corporate certification: EN 1090
- Corporate certification: EcoVadis
- RoHS
- REACH
- The MUNK Group complies with a Code of Conduct
- The Supply Chain Act does not apply due to our size
- The materials used are listed in the technical specification
- Resource-saving production: own photovoltaic systems
- Energy-efficient consumption during production: LED lighting
- Repairability, durability and quality: 15-year warranty on series products made in Germany
- Recyclability: Our products are mostly made of aluminium, steel or wood and can be fed directly into the recycling process.
- Socially acceptable working conditions in production: fair wages, gender equality
- Economical and recyclable packaging: no use of polystyrene, predominantly use of wood and cardboard, small amounts of plastic
- No health hazards for the users
